

CWMD AIM 1.0 Government Only Virtual Showcase

28 June 2021

Event Outcomes

SOFWERX, in collaboration with USSOCOM, Joint Program Executive Office for Chemical Biological Radiological and Nuclear Defense (JPEO CBRND), the U.S. Army Combat Capabilities Development Command Chemical Biological Center (CCDC CBC), the Defense Threat Reduction Agency (DTRA), and the Department of Homeland Security (DHS), hosted a Government Only Virtual Showcase, demonstrating seven (7) current Countering Weapons of Mass Destruction (CWMD) technologies, under an Accelerator for Innovative Minds (AIM) effort.

- As a result of the 2019 CWMD series of events, 7 organizations were selected to virtually demonstrate their capabilities to 36 Government Stakeholders.
- Based on the outcome of these presentations, interested Government representatives will determine the value in pursuing further development.
