

SOFWERX

Scout Troop 707 STEM Event

15 August 2023

SOFWERX, in collaboration with Joint Task Force (JATF) and Joint Warfare Analysis Center (JWAC) hosted a STEM event for Scout Troop 707 from Land O' Lakes. During the event, SOFWERX staff taught the scouts how to solder and facilitated a demonstration of the Introduction of Artificial Intelligence (AI) with assistance from the MacDill Air Force Base personnel.

Event Outcomes

- SOFWERX hosted a total of 50 people from Scout Troop 707, JATF, and JWAC
- During the event, SOFWERX staff gave a tour of the SOFWERX facility, facilitated a soldering activity, and assisted in a demonstration of AI
- The demonstration gave the scouts the opportunity to acquire their electronics badge
