

Sea Stars End of Year Celebration STEM Event

15 July 2023

SOFWERX hosted and supported local brand organization, Sea Stars, a new immersion and mentoring program for girls and young women in science. During their visit to SOFWERX, Sea Stars students learned how to solder, created flashlights, gave presentations showcasing their summer of learning, and received certificates of successful completion.

Event Outcomes

- SOFWERX hosted 19 girls from local middle and high schools
- SOFWERX staff taught the students how to solder and spoke about the importance of the SOFWERX mission and how to get involved
- Later in the event, the students' families joined to listen to the end-of-year presentations, increasing the attendance to over 100
