

SOF Logistics Innovation Working Group Collaboration Event

18 June 2020

Event Outcomes

SOFWERX, in concert with USSOCOM J4 Futures and Program Executive Office for Special Operations Forces Support Activity (PEO SOFSA) PM Expeditionary Support (PM ES), hosted a virtual Collaboration Event designed to refine and build the foundation for an innovation working group for the SOF Logistics Enterprise. During this event, PM ES provided an introduction into its new role and worked with relevant USSOCOM Stakeholders to determine how best to incorporate expeditionary sustainment/logistics requirements into the SOF innovation engine.

- Approximately 30 Government representatives participated virtually and onsite.
- Breakout groups developed 70 ideas and 20 are being thoroughly evaluated to build the foundation for the working group.
- Additional week-long contribution from participants will refine the working group.
