

Autonomous Navigation for sUAS Assessment Event (AE)

15-17 November 2022

Event Outcomes

SOFWERX, in collaboration with USSOCOM and SOF Acquisition, Technology, and Logistics (SOF AT&L) Program Executive Office Special Reconnaissance (PEO-SR), hosted an Assessment Event (AE) to identify solutions for Small Unmanned Aerial Systems (sUAS) to navigate to points of interest without relying upon Global Positioning Systems (GPS) or continuous operator control.

- 33 Industry participants from 12 organizations presented their technology briefs to the Government team
- A team of 6 Government representatives listened to the technology briefs
- Out of 40 submissions, 12 organizations were selected to present
- USSOCOM will make their decision as to which organizations they will choose to move forward within three weeks
