

# Modernization of Digital Media Exploitation (M-DOMEX) Virtual Collaboration Event (CE)

26 May 2021

## Event Outcomes

SOFWERX, in collaboration with USSOCOM PEO Special Reconnaissance (PEO-SR) PMO SSE, hosted a Virtual Collaboration Event (CE) to explore emerging capabilities to support the modernization of digital media exploitation (M-DOMEX). During this event, USSOCOM interacted with potential solution offerors and further communicated operational needs.

- 178 outstations participated virtually.
- Government Subject Matter Experts presented their focus areas and allowed Industry, Academia, and Labs to ask questions to further understand their operational needs and desirements.
- This event provided a greater understanding of USSOCOM and Warfighter needs to individuals looking for the opportunity to present their solutions to the USSOCOM evaluation panel during the 28-29 July Assessment Event.
