

Integrated Air Defense System (IADS) Replication Government Only Collaboration Event (CE)

11 January 2023

Event Outcomes

SOFWERX, in collaboration with USSOCOM, U.S. Army Special Operations Command (USASOC), hosted a Government only Collaboration Event (CE) to bring Government partners together to ideate on future solutions for replicating enemy Integrated Air Defense Systems (IADS) for USSOCOM training purposes.

- 25 Government representatives participated
- Participants were divided into 4 groups to discuss current limitations and ways to overcome limitations
- The groups developed 8 problem statements that will be turned into requirements for solutions providers in preparation for a future Collaboration Event (CE), followed by an Assessment Event (AE)
