

SOAR Helmet System Capability Assessment Event (CAE)

13-14 August 2019

Event Outcomes

On 13-14 August, SOFWERX in concert with United States Special Operations Command (USSOCOM), Program Executive Office SOF Warrior (PEO-SW) hosted a Capability Assessment Event (CAE) to identify current and near future state Rotary Wing (RW) helmets for consideration and potential use by the United States Army Special Operations Aviation Command (ARSOAC) to replace the existing HGU-56/P helmet system.

- USSOCOM selected 8 companies to present their capabilities to Government representatives during one-on-one sessions.
- Based on the outcome of the one-on-one discussions, USSOCOM will downselect their top candidates to move forward with the potential of fielding approximately 1,300 helmets.
