

ThunderDrone RPE II: Outdoor Demonstrations

6-21 April 2018

Event Outcomes

From 6 – 21 April 2018, the SOFWERX ThunderDrone team facilitated demonstrations in Fort Bragg, North Carolina for Counter Unmanned Aerial Systems (C-UAS). Twenty-five companies attended the event, showing eighteen systems.

Over one hundred government persons were welcomed to observe these demonstrations and to provide feedback. Select technologies will be invited to the final ThunderDrone event RPE III, Game of Drones in June 2018, where cash prizes will be awarded to the winners.

- ThunderDrone RPE II provided an opportunity for companies to prove the maturity and performance of their hardware.
- The outdoor demonstratoin connected government and industry to discuss C-UAS technology.
- 25 companies attended representing 18 separate systems.
- Downselected companies will continue to the final ThunderDrone event.
