WERXMASH

09 March 2022

SOFWERX hosted WERXMASH to 1) facilitate sharing of Technology Focus Areas (TFAs) and identify opportunities for the Defensewerx (DWX) Government Stakeholders/Innovation Hubs to work collaboratively with one another to find solutions for common problem sets, and 2) share ideas and best practices on workforce development.

Event Outcomes

- 26 DEFENSEWERX Government Stakeholders and Innovation Hub representatives participated virtually and in-person.
- 62 TFAs were identified during briefs and then prioritized in facilitated discussions.
- Many TFAs attracted high collaboration interest and will become a priority among the innovation hubs.
