United States Army War College Virtual Event

12 April 2018

Event Outcomes

SOFWERX, in collaboration with USSOCOM, virtually hosted students and faculty from the United States Army War College (USAWC) via video conference. The purpose of this event was to inform and educate the students of USAWC about how USSOCOM is inserting innovation into the acquisitions process, thus making SOFWERX a valuable tool in the process.

The event consisted of a virtual tour through the SOFWERX Underground facility and a Q&A session featuring executive members vital to the cooperation between USSOCOM and SOFWERX, specifically in regards to the acquisitions processes.

- New connections between SOFWERX, USSOCOM, and the U.S. Army War College were made.
- The SOCOM partnership with SOFWERX was discussed and disseminated by academics for the purpose of higher learning among the USAWC.
- SOFWERX, alongside SOCOM, was able to inform and educate USAWC students about the purpose of SOFWERX in SOCOM's acquisitions processes.
- SOFWERX established a new, innovative way to provide information and tours to groups from any corner of the globe.
